

BERMINGHAM CONTROLS, INC.

**Baker
Hughes™**

Channel Partner

Masoneilan

a Baker Hughes business

Severe service control valves, steam conditioning, turbine bypass and attemperation, 3-way control valves, rotary globe valves, regulators, digital level controls and SVI -smart valve positioners. Birmingham is the Southwest's MARC / Masoneilan Authorized Repair Center.

Consolidated

a Baker Hughes business

High performance spring and pilot operated safety and relief valves. Dual and triple media certified designs including pop action and modulating pilots. Electrically operated relief valves. Birmingham is the Southwest's Consolidated "Green Tag" assembler, service and repair center.

rotork®

Rotork is a market-leading provider of flow control solutions for oil and gas, water and wastewater, power, chemical, process and industrial applications. Included in our scope of service and supply are IQ3/IQT3 Range of Electric Motor Actuators and Spare Parts, Fluid Power Actuators and Spare Parts plus control accessories.

KINETROL

Kinetrol's double-acting and spring return vane-type rotary actuators are renowned for their reliability & efficiency, with up to 4 million operations guaranteed giving long maintenance-free life. Compact size high output and low air consumption. The unique single moving vane design delivers greater accuracy for modulation.

 **DeZURIK**
APCO | HILTON

High performance and rubber lined butterfly valves, knife gates, eccentric plug valves, actuation, APCO air and vacuum release valves. Red Valve pinch valves and Hilton fabricated gate, check, and hydro power valves.

Conval INC.

High performance, high pressure in line reparable Clampseal globe valves and Camseal metal to metal seated top entry quick change trim ball valves. Boiler blowdown, gate and check valves, in line strainers, cryogenic and bellows seal designs. US manufactured.

LESLIE CONTROLS

Steam pressure and temperature regulators, pneumatic and electric control valves, process controllers, R.G. Laurence solenoid valves. AeroFlow high performance, zero leakage control valves. Birmingham is the Western US Leslie "Red Seal" certified factory service and repair center.

SPENCE™

Pressure and temperature regulators for steam, air and liquid, pressure reducing and back-pressure regulators. Control valves, noise suppressors. Nicholson steam traps, pressure powered pumps.

**Watson
McDaniel**

Steam pressure and temperature regulators, steam traps, stainless steel control valves. Liquid drainers, separators and strainers. Steam powered condensate pumps, systems and water heaters.

 **TRIAC**
CONTROLS

Ball valves for every application, complete automation packages. V-Port throttling ball valves, high performance butterfly valves and accessories.

 **BERMINGHAM
CONTROLS, INC.**

Power - Flow Silencers. In-line, venting to atmosphere and resistor plates. Engineered to meet your noise control needs.

Serving California, Arizona, Nevada and Hawaii. - 24-7 Shop and Field Service - Some products are not represented in our entire territory.

BERMINGHAM.COM **562-860-1600**
Serving the Steam and Process Industries Since 1961

BERMINGHAM CONTROLS, INC.

Your source for total valve repair and complete valve remanufacturing

Service and Repair

We understand that issues don't adhere to normal business hours and that every minute of downtime is lost revenue. Our 24-hour emergency service on all types of valves can be performed at your facility or at any of our five repair centers throughout the western United States. Birmingham Controls is a factory-authorized service center for:

- Masoneilan (MARC)
- Consolidated (GTC – Green Tag Center)
- Leslie Controls (Red Seal)
- Spence Engineering
- RTK
- Schroedahl
- Protego

MARC

Safety & Relief Valves - Section I and VIII; U, V, and VR stamps
Control Valves - Factory warranty on all repairs

State Contractor Licenses

State	Category	Number	Description
AZ	C-4	298728	Boilers, Steam Fitting and Process Piping
CA	A	964030	General Engineering
NV	A-22	0080173	Repair and Service Boiler Relief Valves

Safety Relief Valve Certification

NB	National Board Capacity Certification
V	ASME Sec I Safety Valve Assembler
UV	ASME Sec VIII Safety Relief Valve Assembler
VR	Certified Safety Valve Repair

SELF CONTAINED PACKAGED SYSTEMS

- Heat Transfer Packages
- Condensate Return Systems
- Pumping and Injection Skids
- Noise Suppression Silencers and Mufflers

SPECIALITY PRODUCTS

- Culinary Steam Systems
- High Purity Stainless Steel Filters
- Air, Gas and Steam Separators
- Steam Vent / Exhaust Silencers

Specialists in steam system trouble-shooting
“We solve valve and process piping problems”

SERVING THE WESTERN UNITED STATES SINCE 1961 WITH OFFICES IN:
CALIFORNIA • ARIZONA • NEVADA • HAWAII
